### **ABOUT US**

# ENVEN IS INTERIOR FIT-OUT AND FURNISHING COMPANY, founded in 2014

by Lithuanian designers, architects and professional manufacturers.

Whether creating a fashion store, an office, a bar or a restaurant, **ENVEN** aims to provide high-quality solutions to client's design needs, innovating new production techniques and construction methods. We offer high quality, complex project management solutions in **construction and furniture manufacturing.** 

We work in private, commercial and retail market, mainly for fashion brands, retailers and hospitality units (restaurants, bars, hotels) all across Europe.

In the former years we have completed projects in the following countries: Netherlands, France, Denmark, Norway, Sweden, United Kingdom, Germany, Russia, Poland, Baltic states.

## ABOUT US

- •ABS
- High pressure laminate
- Melamine faced chipboard
- Metal
- Solid wood
- Textiles
- Natural leather
- •Glass
- Furniture linoleum
- Painted MDF
- Veneer

### **ABOUT US**

## WHY US?

**FLEXIBILITY** We own a 2000 sqm furniture factory in Lithuania. Furthermore, we collaborate with a number of production companies, therefore we can implement even the most complex projects. We offer a wide range of services from decoration works to sophisticated and unique furniture.

**QUALITY** We supervise all processes throughout designing, production and assembling.

INTERMEDIATION We intermediate between businesses in export market as well. We ensure a constant, high quality individual standard production supply for the foreign or local clients.

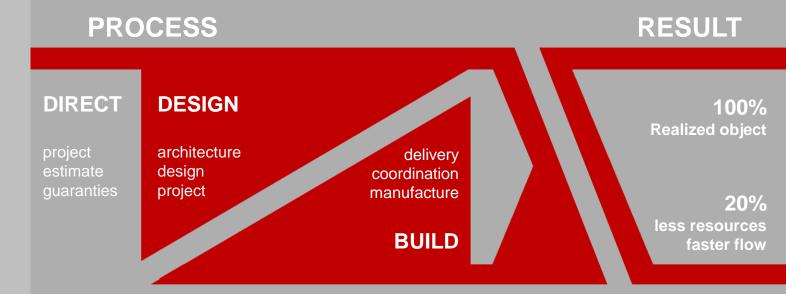

### **ABOUT US**

## **TECHNOLOGY**

**ENVEN** offers an exceptional contract process "Direct Design Build". By using this method, the object can be prepared for costumers operation by saving at least 20% of customer's financial and time resources.

The main technologies are the simultaneous implementation of all major interior design works: design, finishing works, production of non-standard furniture, supplies of other furniture and household appliances, plumbing and electrical works.

All complex interior works in on Contract with a fixed price. This process, which is justified by the systemicity and functionality, has already been appreciated by many customer from different regions.

## ABOUT US

## COMPETENCE

The key of successful work is clear project management. Both product and process management qualities are main guarantee of successful result.
